

JB Performance Limited Warranty Card

Please note that agreement to our warranty terms and conditions was made with your appointment. By returning the warranty card, you are indicating that you have read all warranty precautions, Should any warranty concern arise, you agree to discontinue use immediately, and send in for evaluation right away. We do not cover continued use with an issue that leads to complete destruction. The supercharger must be sent for evaluation for us to make any determination of warranty. We do not diagnose by email and you are not required to get pre-approval. A free appointment is required.

<https://jonbondperformance.com/start-a-repair/> This warranty card is required to be returned, 60 days from the invoice date for the warranty to be valid. <https://www.jonbondperformance.com/warranty-request>

Please mail or email to jon@jonbondperformance.com

Many supercharger failures can be avoided. Educate yourself. <https://jonbondperformance.com/faq/>

Please follow the manufacturer's oil fill instructions, and follow proper installation instructions.

Items submitted for warranty cannot be disassembled before arrival. Disturbance of the gear case assembly will void the warranty. We use heat sensitive marks to determine operating temperature. Use of pulleys other than the factory size can be considered to void your warranty. Overspeed conditions are known to shorten the life of any supercharger. Superchargers used in race or abusive applications can have the warranty declined, if the abuse relates to the failure.
